EXPERIENCE

Intern Web Developer

Creation Soft Nepal | April 2024 - June

- Developed the **Creation Soft Nepal** dynamic website using React and Tailwind CSS, reducing page load time by 15% and enhancing overall user experience.
- Enhanced application usability by implementing accessibility standards, resulting in a 20% increase in user engagement.
- Collaborated with project managers to deliver projects on time, contributing to a 30% improvement in overall team efficiency.
- Expanded expertise in Laravel to assist with full-stack development, further enhancing project delivery.

Intern Front-end Developer

Creation Soft Nepal | July 2024 - present

- Developed using react.js, tailwind css to enhance functionClairity and user experience on web pages.
- Worked with a Senior Developer to write code from scratch for clients.
- Worked with Back-End Developer to edit existing projects on certain client websites.
- Participated on weekly Tech team meetings to discuss current and future projects and strategies on how to produce efficient work.
- Edited existing codes to improve browser compatibility and mobile responsiveness.
- Led a small team to develop a Virtual ReClairity project as a potential idea for new company services.

PROJECTS

FurniVogue | Next.js, TypeScript, Redux-Toolkit, Tailwind

- Developed an e-commerce prototype using Next.js, Next auth and TypeScript, focusing on a scalable and maintainable codebase.
- Applied responsive design to ensure compatibility across all devices, enhancing user experience.

HimalayanFit | React.js, Javascript, Tailwind

- Developed a landing page using React.js, incorporating React hooks and Context API for streamlined state management.
- Designed with responsive principles to ensure optimal performance and accessibility across all devices.
