PROFESSIONAL SUMMARY

Frontend-focused Full-Stack Developer with 3+ years of professional experience building scalable, responsive, and accessible web applications. Strong expertise in React.js, Next.js, and modern UI systems, with hands-on experience supporting backend features using Laravel and Spring Boot when required. Proven ability to collaborate cross-functionally, translate designs into high-quality interfaces, and deliver reliable production-ready solutions.

SKILLS

- **Languages:** JavaScript, TypeScript, Java, PHP
- **Frontend:** React.js, Next.js, Redux Toolkit, Tailwind CSS, Material UI, HTML5, CSS3, SCSS
- **Backend (as needed):** Laravel, Spring Boot, REST APIs, JWT, OAuth2
- **Databases:** MySQL, MongoDB, PostgreSQL (basic)
- **Tools:** Git, GitHub, Adobe photoshop (basic), Postman, VS Code, Figma
- **Practices:** Agile Scrum, Responsive Design, REST Architecture, CI/CD (basic)
- **Soft Skills:** Problem Solving, Communication, Team Collaboration, Time Management

WORK EXPERIENCE

Frontend Developer (Full-Stack Support)

Jul 2025 – Present

Excellence Code Marketing LLC, Business Bay, Dubai

- Developed and maintained 30+ reusable, responsive UI components using React.js, SCSS, and Tailwind CSS.
- Collaborated with UI/UX designers and backend engineers to deliver 7+ production-ready features.
- Converted Figma designs into scalable, maintainable frontend architecture with consistent UI standards.
- Conducted code reviews and refactored legacy components, reducing code duplication by approximately 35%.
- Integrated RESTful APIs and JWT-based authentication to support secure full-stack functionality.
- Ensured cross-browser compatibility and mobile responsiveness across all major devices.

Frontend Developer (Full-Stack as Required)

June 2023 – Feb 2025

Creation Soft Nepal, Kathmandu, Nepal

- Led frontend development for multiple client-facing web applications using React.js and Tailwind CSS.
- Integrated frontend interfaces with Laravel-based backend services and REST APIs.
- Optimized application performance using component reuse, lazy loading, and efficient state management.
- Collaborated with project managers and QA teams to deliver stable, production-ready releases.

Key Projects

Inventory Management System

- Developed a secure, role-based inventory management dashboard using React.js and Laravel.
- Implemented JWT and OAuth2 authentication to support multi-role access control (Admin, Staff, Manager).
- Designed modular component architecture to improve maintainability and future scalability.
- Enhanced data visualization and reporting features for business decision-making.

Dynamic Company Website with CMS

- Built a responsive corporate website with a custom CMS using Laravel Blade and React.js.
- Designed and implemented an admin dashboard for non-technical content editors.
- Applied SEO best practices, image optimization, and performance tuning to improve page load speed.
- Ensured accessibility and mobile-first design principles across all pages.

Frontend Developer Intern
Creation Soft Nepal

Mar 2023 – May 2023

- Developed responsive UI components using React.js and Tailwind CSS.
- Improved application performance through code splitting and lazy loading techniques.
- Contributed to an internal UI component library to improve design consistency and development speed.
- Fixed UI bugs and participated in team code reviews to improve overall code quality.

EDUCATION

Computer Science Studies (+2 / Higher Secondary Level)

GPA: 2.82

Hetauda School of Management

- Meta Front-End Developer Professional Certificate (Coursera)
- Relevant Coursework: Data Structures, Web Development, Software Engineering, REST APIs, Database Design
